## **WISEPAD™ 2**

Transforming mobile payments  
in the third sector.

The Wisepad 2 is a portable payment device that can be set to accept a repeated fixed amount, making it ideal for charities who want to collect donations in an unattended environment as well as on the go.

With Wifi and GPRS connectivity options, donations can be made anytime, anywhere.

## The Wisepad 2 Can Be Used In Two Ways

### RECURRING DONATION MODE

The device can be set to accept a single fixed contactless donation between £1 and £45. This recurring fixed donation amount, Eg. £3, would be requested and collected every time with no keying required. This makes it ideal for unmanned donation displays. Your chosen amount is fixed until you request a configuration change.

### STANDARD TERMINAL MODE

The device can be used to collect variable amounts from £0.01 to £10,000. This option requires you enter the transaction amount into the device each time before the card is presented.

## ACCEPTS ALL TYPES OF PAYMENTS

The WisePad 2 accepts Contactless, Chip and Pin and Magstripe payments, maximising your collection potential and allowing for larger donations.

## EASY TO SET UP

The PayaCharity Team will make sure your device is set up and ready to use straight out of the box.

## A STANDALONE DEVICE

The WisePad 2 doesn't need to connect to any App to function, making it easy to use and simple to roll out to your members.

## WI-FI CONNECTION

Both models can connect to Wi-Fi and mobile hotspots and the 3G model comes with its own data SIM.

## PAYACHARITY PORTAL

Track your donations real-time and download the reports you need for your fundraising and campaigns.

## FULL SUPPORT

PayaCharity Helpdesk are on hand for any assistance you may need.
